

Advanced Accident Investigation Reporting

Health, Safety and Environment (HSE)

Course Overview

Accident Investigation Reporting: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Accident Investigation Reporting
- Apply practical tools and techniques for Accident Investigation Reporting in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Accident Investigation Reporting in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Finance managers, accountants, analysts, budget holders and professionals responsible for financial planning, control or reporting.

Course Outline

1. Setting the scene: Accident Investigation Reporting in today's organisation
2. Key concepts and the language of Accident Investigation Reporting
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating Accident Investigation Reporting with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
