Advanced Certificate in Process Automation

AI (Artificial Intelligence)

Course Overview

Advanced Certificate in Process Automation: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Process Automation
- Apply practical tools and techniques for Process Automation in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Process Automation in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

IT professionals, analysts, digital transformation leads and managers seeking to apply modern technology in their organisations.

Course Outline

1. Setting the scene: Process Automation in today's organisation
2. Key concepts and the language of Process Automation
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating Process Automation with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
