

Advanced Drilling Best Practices

Oil and Gas

Course Overview

Drilling Best Practices: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Drilling Best Practices
- Apply practical tools and techniques for Drilling Best Practices in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Drilling Best Practices in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Engineers, technical specialists, operations staff and managers working in energy, utilities and process industries.

Course Outline

1. Setting the scene: Drilling Best Practices in today's organisation
2. Key concepts and the language of Drilling Best Practices
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating Drilling Best Practices with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
