

Big Data for Managers

Management and Leadership

Course Overview

Big Data for Managers: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Big Data for Managers
- Apply practical tools and techniques for Big Data for Managers in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Big Data for Managers in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Directors, senior managers, heads of department, team leaders and high-potential professionals preparing for greater leadership responsibility.

Course Outline

1. Setting the scene: Big Data for Managers in today's organisation
2. Key concepts and the language of Big Data for Managers
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating Big Data for Managers with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
