

Foundations of Deep Learning

AI (Artificial Intelligence)

Course Overview

Foundations of Deep Learning: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Foundations of Deep Learning
- Apply practical tools and techniques for Foundations of Deep Learning in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Foundations of Deep Learning in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

HR managers, HR business partners, talent and learning specialists, and line managers with significant people responsibilities.

Course Outline

1. Setting the scene: Foundations of Deep Learning in today's organisation
2. Key concepts and the language of Foundations of Deep Learning
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating Foundations of Deep Learning with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
