

Designing Learning Programs

Learning and Development

Course Overview

Designing Learning Programs: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Designing Learning Programs
- Apply practical tools and techniques for Designing Learning Programs in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Designing Learning Programs in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

HR managers, HR business partners, talent and learning specialists, and line managers with significant people responsibilities.

Course Outline

1. Foundations of Designing Learning Programs: principles, terminology and context
2. The business case: why Designing Learning Programs matters to performance
3. Core tools, frameworks and methods
4. Applying the tools: guided case study and exercises
5. Common pitfalls and how experienced practitioners avoid them
6. Working with stakeholders: communication and influence
7. Measuring results and continuous improvement
8. Personal action planning and course review
