Energy Finance

Finance & Budgeting

Course Overview

Energy Finance: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Energy Finance
- Apply practical tools and techniques for Energy Finance in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Energy Finance in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Finance managers, accountants, analysts, budget holders and professionals responsible for financial planning, control or reporting.

Course Outline

1. Foundations of Energy Finance: principles, terminology and context
2. The business case: why Energy Finance matters to performance
3. Core tools, frameworks and methods
4. Applying the tools: guided case study and exercises
5. Common pitfalls and how experienced practitioners avoid them
6. Working with stakeholders: communication and influence
7. Measuring results and continuous improvement
8. Personal action planning and course review
