

Environmental Social Impact Assessment

Health, Safety and Environment (HSE)

Course Overview

Environmental Social Impact Assessment: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Environmental Social Impact Assessment
- Apply practical tools and techniques for Environmental Social Impact Assessment in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Environmental Social Impact Assessment in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

HSE managers and officers, operations and site managers, supervisors, safety representatives and anyone accountable for workplace safety.

Course Outline

1. Setting the scene: Environmental Social Impact Assessment in today's organisation
2. Key concepts and the language of Environmental Social Impact Assessment
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating Environmental Social Impact Assessment with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
