Food Security and Sustainability

Agribusiness Development

Course Overview

Food Security and Sustainability: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Food Security and Sustainability
- Apply practical tools and techniques for Food Security and Sustainability in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Food Security and Sustainability in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

HSE managers and officers, operations and site managers, supervisors, safety representatives and anyone accountable for workplace safety.

Course Outline

1. Foundations of Food Security and Sustainability: principles, terminology and context
2. The business case: why Food Security and Sustainability matters to performance
3. Core tools, frameworks and methods
4. Applying the tools: guided case study and exercises
5. Common pitfalls and how experienced practitioners avoid them
6. Working with stakeholders: communication and influence
7. Measuring results and continuous improvement
8. Personal action planning and course review
