

FPSO Operation and Maintenance

Oil and Gas

Course Overview

FPSO Operation and Maintenance: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in FPSO Operation and Maintenance
- Apply practical tools and techniques for FPSO Operation and Maintenance in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine FPSO Operation and Maintenance in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Engineers, technical specialists, operations staff and managers working in energy, utilities and process industries.

Course Outline

1. Setting the scene: FPSO Operation and Maintenance in today's organisation
2. Key concepts and the language of FPSO Operation and Maintenance
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating FPSO Operation and Maintenance with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
