GIS Server Administration

Office Administration

Course Overview

GIS Server Administration: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in GIS Server Administration
- Apply practical tools and techniques for GIS Server Administration in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine GIS Server Administration in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Executive assistants, office managers, administrators, coordinators and support professionals who keep organisations running.

Course Outline

1. Setting the scene: GIS Server Administration in today's organisation
2. Key concepts and the language of GIS Server Administration
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating GIS Server Administration with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
