

Hydrogen Industry Fundamentals

Energy

Course Overview

Hydrogen Industry Fundamentals: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Hydrogen Industry Fundamentals
- Apply practical tools and techniques for Hydrogen Industry Fundamentals in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Hydrogen Industry Fundamentals in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Engineers, technical specialists, operations staff and managers working in energy, utilities and process industries.

Course Outline

1. Setting the scene: Hydrogen Industry Fundamentals in today's organisation
2. Key concepts and the language of Hydrogen Industry Fundamentals
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating Hydrogen Industry Fundamentals with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
