# Introduction to Army Logistics and Supply Chain

Defence & National Security

## Course Overview

Army Logistics and Supply Chain: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

## What You Will Achieve

- Explain the core principles and current good practice in Army Logistics and Supply Chain
- Apply practical tools and techniques for Army Logistics and Supply Chain in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Army Logistics and Supply Chain in practice
- Build a personal action plan to implement what you have learned

## Who Should Attend

HSE managers and officers, operations and site managers, supervisors, safety representatives and anyone accountable for workplace safety.

## Course Outline

1. Setting the scene: Army Logistics and Supply Chain in today's organisation
2. Key concepts and the language of Army Logistics and Supply Chain
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating Army Logistics and Supply Chain with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
