Lean Manufacturing Excellence

Manufacturing

Course Overview

Lean Manufacturing Excellence: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Lean Manufacturing Excellence
- Apply practical tools and techniques for Lean Manufacturing Excellence in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Lean Manufacturing Excellence in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Professionals, specialists and managers at every level who want to strengthen this capability and apply it with confidence at work.

Course Outline

1. Setting the scene: Lean Manufacturing Excellence in today's organisation
2. Key concepts and the language of Lean Manufacturing Excellence
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating Lean Manufacturing Excellence with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
