

LPG Industry Dynamics

Oil and Gas

Course Overview

LPG Industry Dynamics: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in LPG Industry Dynamics
- Apply practical tools and techniques for LPG Industry Dynamics in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine LPG Industry Dynamics in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Engineers, technical specialists, operations staff and managers working in energy, utilities and process industries.

Course Outline

1. Foundations of LPG Industry Dynamics: principles, terminology and context
2. The business case: why LPG Industry Dynamics matters to performance
3. Core tools, frameworks and methods
4. Applying the tools: guided case study and exercises
5. Common pitfalls and how experienced practitioners avoid them
6. Working with stakeholders: communication and influence
7. Measuring results and continuous improvement
8. Personal action planning and course review
