

Managing Healthcare Delivery

Healthcare Management

Course Overview

Managing Healthcare Delivery: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Managing Healthcare Delivery
- Apply practical tools and techniques for Managing Healthcare Delivery in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Managing Healthcare Delivery in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Directors, senior managers, heads of department, team leaders and high-potential professionals preparing for greater leadership responsibility.

Course Outline

1. Foundations of Managing Healthcare Delivery: principles, terminology and context
2. The business case: why Managing Healthcare Delivery matters to performance
3. Core tools, frameworks and methods
4. Applying the tools: guided case study and exercises
5. Common pitfalls and how experienced practitioners avoid them
6. Working with stakeholders: communication and influence
7. Measuring results and continuous improvement
8. Personal action planning and course review
