

OLTC (On Load Tap Changer)

Electrical Engineering Courses

Course Overview

OLTC: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in OLTC
- Apply practical tools and techniques for OLTC in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine OLTC in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Engineers, technical specialists, operations staff and managers working in energy, utilities and process industries.

Course Outline

1. Setting the scene: OLTC in today's organisation
2. Key concepts and the language of OLTC
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating OLTC with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
