

Road and Infrastructure Maintenance

Civil and Construction Management

Course Overview

Road and Infrastructure Maintenance: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in Road and Infrastructure Maintenance
- Apply practical tools and techniques for Road and Infrastructure Maintenance in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Road and Infrastructure Maintenance in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Directors, senior managers, heads of department, team leaders and high-potential professionals preparing for greater leadership responsibility.

Course Outline

1. Setting the scene: Road and Infrastructure Maintenance in today's organisation
2. Key concepts and the language of Road and Infrastructure Maintenance
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating Road and Infrastructure Maintenance with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
