

The New Venture Development Process

Joint Venture

Course Overview

The New Venture Development Process: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and live online.

What You Will Achieve

- Explain the core principles and current good practice in The New Venture Development Process
- Apply practical tools and techniques for The New Venture Development Process in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine The New Venture Development Process in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Engineers, technicians, maintenance professionals and technical managers responsible for assets, plant and infrastructure.

Course Outline

1. Setting the scene: The New Venture Development Process in today's organisation
2. Key concepts and the language of The New Venture Development Process
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating The New Venture Development Process with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course
