

Uninterruptible Power Supply and Battery Backup Systems

Electrical Engineering Courses

Course Overview

Uninterruptible Power Supply and Battery Backup Systems: a 5-day professional training course from LTC Consultants, delivered in-classroom across Africa and...

What You Will Achieve

- Explain the core principles and current good practice in Uninterruptible Power Supply and Battery Backup Systems
- Apply practical tools and techniques for Uninterruptible Power Supply and Battery Backup Systems in your own organisation
- Analyse real-world scenarios and select the right approach with confidence
- Avoid the common pitfalls that undermine Uninterruptible Power Supply and Battery Backup Systems in practice
- Build a personal action plan to implement what you have learned

Who Should Attend

Supply chain, procurement, logistics, warehouse and operations professionals responsible for the flow of goods and materials.

Course Outline

1. Setting the scene: Uninterruptible Power Supply and Battery Backup Systems in today's organisation
2. Key concepts and the language of Uninterruptible Power Supply and Battery Backup Systems
3. Frameworks and good practice that deliver results
4. Hands-on application: workshop exercises and cases
5. Problem-solving clinic: participants' real challenges
6. Integrating Uninterruptible Power Supply and Battery Backup Systems with day-to-day operations
7. Reporting, metrics and demonstrating value
8. Action planning: your first 90 days after the course

Upcoming Dates and Fees

DATES	VENUE	FEE (PER DELEGATE)
14 to 18 Sep 2026	Accra	\$1,395
